

Containment Swim Diaper

This reusable swim brief (undergarment, also known as a Swim Diaper) is designed for all persons dealing with incontinence.

The garment is designed to be worn next-to-skin under a swim suit, although some clients choose to wear it over a disposable. It is **intended for bowel containment**; however many report it helpful in containing urine leakage. The crotch design, snug elastic legs and waist, 4-way stretch fabric and completely adjustable closures ensure the best possible fit, for maximum security. The thin profile makes this brief very discreet, even under a regular swimsuit.

Although designed for swimming, it useful as a cover for disposable or cloth diapers.

The Swim Diaper's feature include:

- **High tech stretch polyurethane fabric with soft fleece lining**
- **Elastic waist and legs for added security**
- **Velcro closure with fully adjustable sizing that accommodates any body shape**
- **Opens up flat, for ease in dressing**
- **Available in styles and sizes for children, youth, and adults to 5XL**
- **Unisex**
- **Machine Wash**
- **Hang to dry**

NOTE Persons who are ill and experiencing temporary diarrhea should never enter a pool. This garment is intended to protect and contain for otherwise healthy individuals who have special needs including incontinence.
